## PALMER REFUSES TO VACATE COAL STRIKE INJUNCTION TO MEET PLEA OF GOMPERS

### Lewis Ready to Open Negotiations With Operators for Wage Scale—Reports From Mine Fields Show Situation Practically Unchanged

WASHINGTON, Nov. 5.—The inference is drawn to-day from a statement of Samuel Gompers that the coal miners are already tired of the strike, and that if the Federal injunction is vacated "a mutually honorable adjustment" can be reached and the strike ended. He contends the injunction keeps the mine officers from trying to end the strike.

In Indianapolis, John L. Lewis, Acting President of the Mine Workers, intimated no move toward calling off the strike would be made before reopening negotiations, and said:

"If the injunction is vacated the miners will be willing immediately to meet the operators in joint conference to negotiate a wage scale."

But the Government will not call off the injunction. This is clear from correspondence between Attorney General Palmer and the Delaware Shipbuilding Council, just made public, in which Mr. Palmer said:

"The issue will be submitted to the court at Indianapolis next Saturday, clearly and dispassionately, and if the court adjudges that the strike is illegal, I apprehend that the miners, as law-abiding citizens, will discontinue it."

Mr. Gompers's statement, dictated on his way from New York, defends the full position of the miners and accuses them from the charges of radicalism that have been made.

### GOMPERS DEFENDS ATTITUDE OF THE MINERS.

In his statement Mr. Gompers says:

"In the first instance it should be known that the demands of the miners, which upon the surface seem so radical and far-reaching, are by no means so. For several years the miners have not had more than a half-year's work—their working days averaging from 160 to 180 days per year, intermittent, by days and by weeks—employment and then unemployment."

"The miners simply ask for a regulation of the working time so that coal production and employment may be regular rather than intermittent. If the miners were permitted by the operators to work full time the supply of coal thus mined would soon force down the price of coal on the market and thus the operators are determined not to permit."

"The miners' case might better be stated by their demanding at least five days of six hours work per week, which is really more than they are permitted to work at the present time. An understanding of these conditions clearly shows who are responsible for the present situation and the cause."

"When in 1914 the miners received an increase of 30 cents per ton, the operators raised the selling price \$5 per ton. Surely the conditions and the standards of life of the miners have deteriorated by reason of there being no practical advance in their wages and their earning power, while the cost of living has soared higher and higher."

"The mandate of the officers of the United Mine Workers of America was direct from the representatives of the men, who at the recent convention decided that unless a substantial improvement in wages and a regulation

## BAY STATE GIVES COOLIDGE 123,900 OVER RADICALISM

### Boston Democratic, but Outside Towns Roll Up Big Vote for Governor.

BOSTON, Nov. 5.—Running on a platform of Americanism as opposed to radicalism, Gov. Calvin Coolidge on complete unofficial returns early to-day has a majority of 123,900 over his Democratic opponent, Richard F. Long. The tabulated vote is Coolidge, 317,191; Long, 193,291; for Lieutenant Governor, Cox (R.), 296,476; Herbert (D.), 187,731; Treasurer, Burroughs (R.), 273,737; Wood (D.), 194,278. In Boston, where because of Gov. Coolidge's opposition to the police strike the Central Federated Union declared for his opponent, Long, the Democratic candidate's plurality is given as 5,149, with a few scattering returns missing—the figures being about a quarter of his figure for the preceding election.

Gov. Coolidge is leading Mr. Long outside the City of Boston by an almost 2 to 1 count.

"Three words tell the result. Massachusetts is American," declared Gov. Coolidge in a statement for the press in part.

The attempt to appeal to class prejudice has failed. The men of Massachusetts are not labor men, or policeman or union men, or poor men, or rich men, or any other class men first; they are Americans first.

The wage-earners have vindicated themselves. They have

In the tabulation of the vote for President of the Board of Aldermen given out at Police Headquarters the "recapitulation" was issued with only 25 districts in the greater city missing, 23 in Brooklyn, 1 in Manhattan and 1 in the Bronx.

In the report of the vote by boroughs more districts were missing, hence the apparent discrepancy.

## MURPHY'S RULE IS SHAKEN; TIGER LOSES FIVE VOTES IN NEW BOARD OF ESTIMATE

### Only Surrogate Is Saved From Wreck—Coolidge Sweeps Bay State Against Radicalism—New Jersey Rebukes Anti-Saloon Forces.

The leadership of Charles F. Murphy hangs in the balance to-day as a result of the stinging rebuke to Tammany, which was the outstanding feature of yesterday's election, due in part to the Tiger's turning down of Justice Newburger.

Not only was Boss Murphy's candidate, the youthful Untermyer, defeated for Supreme Court, but he carried down with him Justice Luce, also named by Tammany for the Supreme Court.

The vote given to Major Philip J. McCook was undoubtedly also due in part to his appeal to the soldier vote and to the anger of friends of Major Kelly, the Liberty Party candidate, who was snatched from the ticket at the eleventh hour, and who called on his supporters to hit the whole Tammany ticket. After the result was known he wired Murphy:

"You took me off the ticket, but see what I did to you."

Justice Newburger, running on the Republican and Independent ticket, won with a majority exceeding 50,000, and McCook by about 18,000. The latest figures give the vote for the four candidates as, Newburger, 199,220; McCook, 166,625; Luce, 148,119, and Untermyer, 128,642.

## TAMANY GRIP IS LOOSENED.

In the Board of Aldermen and Manhattan Borough President contests, which were close, still further rebuke to Tammany was seen. La Guardia leads Moran by 1,530 with twenty-five election districts missing. Twenty-three of these districts are in Brooklyn, which favored La Guardia from the start, and official figures there are expected to increase his lead.

Equally as sensational was the defeat of Boyle, associate leader of the Twelfth Assembly District with Tammany Boss Murphy, for President of Manhattan Borough, by Judge Curran, his Republican opponent. Judge Curran had a lead over Boyle of 4,594.

Judge Curran's election will not only cost Tammany heavily in the matter of patronage, but will break the solid Democratic majority in the Board of Estimate and Apportionment, where he will have two of the sixteen votes. La Guardia will have three, which will give Tammany eleven and the opposition five votes.

The unpopularity of the Untermyer candidacy is shown by the fact he received about 75,000 votes less than Moran in Manhattan and the Bronx.

## WHAT THE TIGER LOST.

Tammany lost:  
Two Supreme Court Justices.  
One City Court Justice.  
Five votes in the Board of Estimate.  
The President of the Board of Aldermen.  
The President of the Borough of Manhattan, controlling hundreds of places now held by Tammany men.

One Assemblyman in Manhattan and two in the Bronx.

Tammany won:  
A Surrogate and two City Court Judges.

When Republican Chairman Koenig left headquarters at 3.30 A. M. to-day, he said he was absolutely certain of La Guardia's election. Richard W. Lawrence, Chairman of the Bronx County Republican Committee, said:

The election of La Guardia clearly proves the Republican Party in the Bronx has been rejuvenated. The slogan of 100 per cent Americanism shows all Republicans are true blue. La Guardia's election is a godsend to the Bronx. The three votes he will control on the Board of Estimate are solely needed. They will be fighting votes. Tammany Hall in the future will be unable to slip anything over on the people."

The late figures brought further testimony of the extent of the revolt against Tammany. Alderman Kenneley, who represents the Tenth Aldermanic District, in which Tammany Boss Murphy lives, won by a scant 1,000. The normal Tammany majority in that district is in excess of 4,000.

Police Committee over Enright sent a message to all precinct commanders last night to see that all ballot boxes were carefully sealed
